CELEBRATION OF LIFE

At The Lodge Bar and Dining, we understand that bereavement is an incredibly difficult time. We take pride in providing a peaceful, supportive setting for families and friends to gather and celebrate the life of their loved one.

To help ease the pressure of planning, we offer a thoughtfully curated buffet menu designed to suit all tastes. Our chefs are also more than happy to accommodate any specific dietary requirements.

We understand how important it is to share cherished memories of your loved one. To help you honour their journey, we provide a dedicated memorial table where you are welcome to display photographs, donation boxes, and guest books—creating a beautiful space to celebrate the wonderful life they lived.

If you have a particular vision in mind or would like to discuss your arrangements, please contact us directly. Our manager is here to guide you through every detail with care.
